

Instructions for AON Quote/Insurance

Following an extensive review by the Consultant Committee in 2019, AON appeared to offer good value, and many of our Consultants have since then moved to AON. However, please ensure you read all information provided by AON (including the PDS) and decide whether you feel their product is the right one for your needs. You are welcome to choose any provider who suits your needs. Please see the instructions below on how to get a quote from AON, and feel free to email consultant.administrator@ldaaustralia.org or call 1300 756 206 if you have any questions. You can also call AON directly on 02 9253 7000.
